Preparing the Camera Ready Paper for TTS2025 Proceedings of Papers

Name Surname[1] and Name Surname[2]

Abstract – **In this paper the instructions for preparing camera ready paper for the Conference TTS are given. The recommended, but not limited text processor is Microsoft Word. The global instructions for preparing paper with any text processor are given, too.**

Keywords – **Camera ready paper, Proceedings of papers, TTS.**

I. INTRODUCTION

This template, modified in MS Word for Windows provides authors with most of the formatting specifications needed for preparing electronic versions of their papers. All standard paper components have been specified for two reasons: (1) ease of use when formatting individual papers, and (2) conformity of style throughout a conference proceedings. Margins, column widths, line spacing, and type styles are built-in. An even number of pages is preferred, and the recommended length of paper is up to 4 pages. Each paper should be sent to the via **Easy Chair Conference System** (http://ttsconf.org/submission/), in **PDF** format (before the deadline**)**.

II. INSTRUCTIONS FOR THE AUTHORS

A. Page Layout

Times New Roman 10 points font should be used for normal text. Paragraphs should be indented 3.5 mm.

Manuscript have to be prepared in two column separated by 5 mm. Please, equalize the length of the columns on the last page. The paper format must be A4 (210×297mm). The margins are given in Table 1.

TABLE I
PAGE LAYOUT DESCRIPTION

Top margin	20 mm
Bottom margin	34 mm
Left margin	14 mm
Right margin	14 mm
Column Spacing	5 mm

[1]Name Surname is with the Institution, Address, City, Country, e-mail:

[2]Name Surname is with the Institution, Address, City, Country, e-mail.

B. Title, Author and Affiliation

Title must be written using 22 pt font, in two lines, centered. The spacing between title and authors line is 6 mm. Authors' names (without affiliation) should be typed using 14 pt font. Authors' affiliation (institution, address and e-mail) should be given in the bottom of the first column using 9 pt font. Please do not write telephone and fax number.

C. Abstract and Keywords

In the beginning of the paper abstract and keywords should be given. Abstract should be about 50 words. It is recommended to use up to five keywords. Please use 9 point **bold** font for abstract and keywords, and 9 point *italic* font for the words *"Abstract"* and *"Keywords"*.

D. Sectioning

Regular paper may be divided in a number of sections. Section titles (including references and acknowledgement) should be typed using 12 pt fonts in the SMALL CAPS option. For numbering use Roman number. In invited paper only sections can be split in subsection, which should be typed 10 pt *Italic* option. The space after section or subsection title is 4 mm. Spacing of 5 mm is used between the last section or subsection number and the next (sub) section title.

E. Equation

Equations should be centred and labelled. The example of equations is Eq. 1:

$$S_{af}^{r} = \sum_{k=0}^{k_3} \frac{d_{k_1}^{r}}{d_k^{r}} S_{hfk}^{r} + \omega \sum_{k=0}^{k_3} \frac{d_{k_1}^{r}}{d_k^{r}} S_{lfk}^{r} \tag{1}$$

Larger equation must be split in a multiple lines, as shown in the example of Eq. 2:

$$\varphi_0(sn) + \gamma_0 \int_{s=0}^{s_n} \varphi_0(s) \cdot \mathrm{sh}\gamma_0(s_n - s) \cdot ds$$

$$+ \gamma_0^2 \int_{s=0}^{s_n} \prod_{s_n 0}(s) \cdot \mathrm{ch}\gamma_0(s_n - s) \cdot ds$$

$$= V_{en} \cdot \mathrm{ch}\gamma_0 s_n \tag{2}$$

F. Figures

Figures should be one column wide. If it is impossible to place figure in one column, two column wide figures is allowed, but in this case figure must be located at the top of the page. Each figure must have a caption under the figure. For the figure captions 9 pt font should be used.

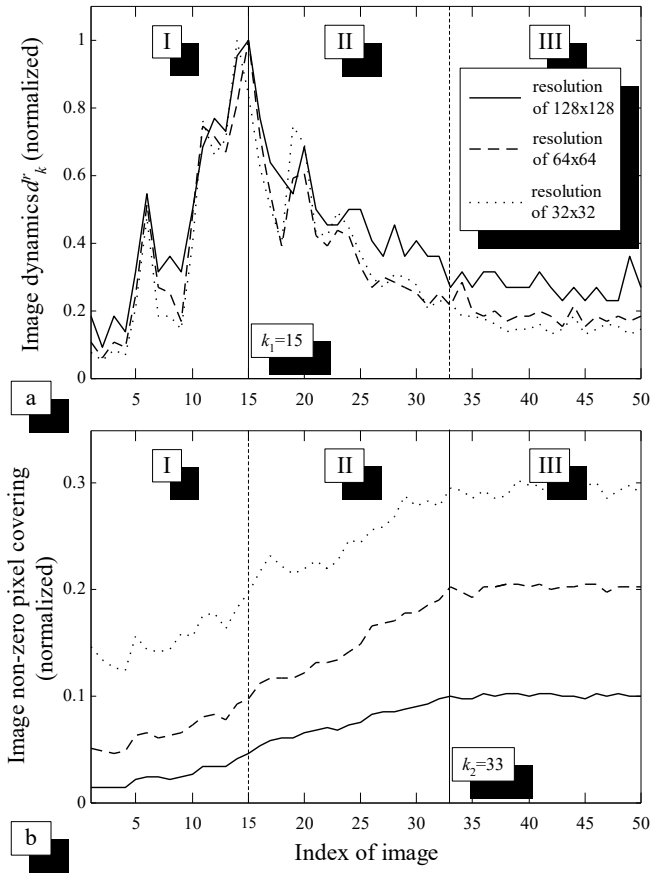

Fig. 1. Figure example

An example is given in Fig 1. All figures must be mentioned in text.

G. Tables

Tables also should be made as one column. In some rare cases it is allowed to use two column tables at the top of the page. Tables must have caption located above the table. Table caption should be written using 9 pt SMALL CAPS font. Example is Table I given above.

H. Referring

When you refer to an equation, a figure, a table, a section or a literature reference in the text of the manuscript please use the following expressions: Eq. (1), Eqs. (1) and (2), Fig. 1, Figs. 1 and 2, Table I, Tables I and II, Section 1, Sections 1.1 and 1.5, [1], [2].

I. References

The examples for the referencing a journal paper, a conference paper, and a book according to IEEE transactions are given in REFERENCES Sections [1-3]. For text in the references 9 pt font should be used.

III. ADDITIONAL REMARKS

The paper for TTS2020 Conference should be sent via **Easy Chair Conference System** (http://ttsconf.org/submission/) in **PDF** format before the deadline.

IV. CONCLUSION

In this paper the instructions for preparing camera-ready paper for including in the Proceedings of Papers of the Conference TTS2020 are given.

ACKNOWLEDGEMENT

For the acknowledgement use the unnumbered section layout.
